Ride with us.

Join us for Owl Ride for Jackson to ensure that every NICU baby has their basic human right - advocacy, support, and human touch 24/7. This event is a two-day 111-mile ride from Chicago, IL to Valparaiso, IN and back. Help Team Chance make a meaningful difference for more NICU babies. Athletes receive:

- Option for free registration - see below
- 12-week training program & team fun-rides
- Team t-shirt and more
- All meals, snacks, and drinks for the ride
- Post-ride celebration

Fundraising Minimums & More.

Members of Team Chance agree to a required fundraising minimum. Every \$300 raised gives one NICU baby a 24/7 unlimited parking pass for one month. Minimums vary and free registration is available with higher fundraising commitments. Riders will need to provide a bike, appropriate gear, and will book and pay for a hotel room for Saturday night in Valparaiso at a reduced rate of \$110/room. Worried about hitting your minimum? Our team is here to help you. For more details and to view our FAQ visit JacksonChance.org/TeamChance

Volunteer.

If riding 111-miles isn't your thing, join our dedicated ride crew! Ride crew members are not required to fundraise, but we encourage members to set up a fundraising goal of \$500 to support our mission.
